Sell Your Go Blue Ribbons

Turn every ribbon into a step towards a world without type 1 diabetes (T1D).

Each kit includes a 18m length of ribbon, which can be cut into approximately 30 ribbons.

How it works:

- Cut the ribbon into 600mm lengths.
- Sell each ribbon for $5.
- Share the ribbons with your community members, and encourage them to wear it in support of T1D research.
- Fundraise by collecting the $5 donation for each ribbon sold.

Need more supplies? Contact your local Community Fundraising Team member to order more resources. Ribbons cost $30 for an additional 30 ribbons.
